SHORT AND EASY

Gardens and Greenhouse. Explore the Mohonk show gardens and our Stone Summerhouse that was built in 1890. The Greenhouse stands at the foot of the Garden, and visiting hours are posted on the bulletin board.

Around the Lake. From the West Porch, start toward Eagle Cliff, then descend the stairs at Lambdin's Glen. Take Undercliff Path to the cool woods at the southern end of the Lake. Return via Lake Shore Path and Road. (0.9 mile, 1.5 kilometers)

Mohonk Spring. From the East Porch, follow Spring Path to Mohonk Spring, once the source of the resort's drinking water. Return via Forest Drive and Lake Shore Road. (1 mile, 1.6 km)

Copes Lookout. From the West Porch, take Copes Lookout Road past the Tennis Courts to the Scenic Vista at the end of the road loop. Return via Copes Lookout Path. (1 mile, 1.6 km)

MODERATE

Sky Top. From the East Porch, ascend Sky Top Path to the Tower. On a clear day six states can be seen from the observation deck. Return via the gentler Sky Top Road and Pinkster Path. (1.5 miles, 2.4 km)

Eagle Cliff. The loop road is beautiful in either direction, but the tradition is to go up by the Tennis Courts and return along the bluff overlooking the lake. Start from the West Porch. (1.7 miles, 2.7 km)

Humpty Dumpty. From the West Porch, take Copes Lookout Road, then Humpty Dumpty Road, Short Woodland Drive, and Lake Shore Road. (1.9 miles, 3 km)

North Lookout. From the East Porch, follow Grove Path and Mossy Brook Path down to North Lookout Road. The summerhouse and scenic vista lie just beyond the intersection with Hemlock Lane. Go up Hemlock Lane, cross the auto road, and return via Huguenot Drive. (2.3 miles, 3.8 km)

STRENUOUS

Forest Drive. From the East Porch, follow Lake Shore Road, Forest Drive, and Bridge Road. From Woodland Bridge return by Huguenot Drive. This longer walk circles the bottom of Sky Top, following the carriage roads for its entire length. (2.7 miles, 4.4 km)

The Labyrinth. From the East Porch head straight past the Boat Dock and across the small wooden bridge to the northern corner of Lake Shore Road. The crevice there is the start of the Labyrinth Rock Scramble. Follow the red painted arrows on the rocks. Once at Sky Top Tower, return via Sky Top Path.

HALF-DAY and ALL-DAY HIKES

Mohonk Mountain House grounds are part of the 40,000-acre Shawangunk natural area. Some of the popular hiking destinations lie beyond the House grounds.

Duck Pond. Several carriage roads and trails can be linked to make an interesting circle route of about 4 miles (6 km). Coming back is mostly uphill. Duck Pond is in the Mohonk Preserve.

Bonticou Crag. This bare knob is the northernmost promontory on the Shawangunk Ridge. Beautiful views east toward the Hudson and west to the Catskills. About 8 miles (13 km). Mohonk Preserve.

Trapps Bridge. Undercliff and Overcliff Roads make a very popular loop. About 8 miles (13 km). Mohonk Preserve.

High Falls, Table Rocks. Snow lingers until midsummer in deep crevices in the rock. About 10 miles (16 km). Mohonk Preserve.

Millbrook Mountain. The sheer southeast face is the highest escarpment in our region. About 12 miles (19 km). Minnewaska State Park.

Lake Minnewaska. Carriages used to ply the road between the two resorts, taking guests to lunch or tea. It's still a nice walking route and Awosting Falls is spectacular. About 14 miles (23 km). Minnewaska State Park.

Lake Awosting. The largest of the Shawangunk lakes. This hike should test the stamina of most hikers. About 22 miles (27 km). Minnewaska State Park.

SAFETY INFORMATION

The hiking routes around Mohonk represent every degree of difficulty. The carriage roads, paths, and trails have been constructed to minimize disturbance to the outdoor environment. In choosing a route, please take into account your skills as well as the natural hazards associated with mountain hiking. Remember that weather conditions can make paths and trails extremely hazardous. Hiking is permitted between dawn and dusk. Night hiking is not permitted. Please refer to the Trail Information Boards, located at the Gatehouse parking lot, Picnic Lodge, Copes Lookout Road, and Sky Top, for the latest trail conditions and other up-to-date information to assist you in making a decision on where to hike based on your skill level and the difficulty of the terrain. Always carry your map with you.

For your safety and to ensure protection of the woodlands, please stay on designated roads and paths. Keep children close at hand. Please watch for broken and uneven walking surfaces and be aware of those areas that are on the edge of cliffs or rock debris and may or may not have railings. Do not run on the trails. We strongly recommend proper hiking attire for all persons, including shoes or boots that provide ankle support and foot protection.

THE MOHONK LAKE REGION IN THE SHAWANGUNK MOUNTAINS

- Hiking is permitted between dawn and dusk. Night hiking is not permitted. Always carry a map, and note landmarks along the way.
- PUBLIC ROAD
 - AUTO ROADS are hard-surfaced, full-width motor vehicle driving roads. Caution should be taken when walking along auto roads. Always walk facing traffic whenever possible.
 - CARRIAGE ROADS generally have shale surfaces and moderate grades. They are the best choice for easy walking, ski touring, horseback riding, and carriage drives.
 - ROCK CLIFF LINE
 - MOUNTAIN BIKE SINGLE TRACK TRAIL
 - LARGE MAP DISPLAYS
 - FOOT PATHS & HIKING TRAILS may be level or steep, smooth or rough, and range from easy to difficult. They afford the hiker an opportunity to experience more closely the natural environment. The path and trail system is often adjacent to steep cliffs and deep chasms, and entails an element of risk for the hiker. Do not lean on railings or go around barriers.
 - ROUGH PATHS & ROCK SCRAMBLES are primitive paths. They often lead through boulder fields requiring the use of hands as well as feet. Rocks may be wet and slippery. Paths are often on the edge of cliffs and rock debris and do not have railings. There is danger associated with these paths, with the risk of injury. They should be attempted only by the agile and experienced hiker in good health and with appropriate footwear and clothing.
- FAVORITE TRAILS (descriptions on reverse side)**
- Sky Top Tower
 - Eagle Cliff
 - Around the Lake
