ENTRY CRITERIA

JUDGING AND CRITERIA

Entries will be judged on A) Overall Appearance, B) Originality & Creativity, C) Difficulty, D) Precision, and E) Consistency of Theme.

There is no required theme for the competition. The entry is not limited to the structure of a house. Competitors are encouraged to use their creativity when designing and constructing their entry, as long as it adheres to the competition rules, procedures, and judging criteria. The theme should be a competitor's own and consistent throughout the entry. Mohonk Mountain House reserves the right to refuse any entry deemed inappropriate. We respectfully ask that the design be appropriate for families with young children.

There must be at least 25% exposed baked Gingerbread on the entry. Entries with less than 25% baked Gingerbread exposed will be disqualified. The Gingerbread can be painted or dyed, but must clearly be recognizable as Gingerbread. Ginger Clay may be used in the piece, but will not count towards the required 25% exposed baked Gingerbread. Decorative elements that are handmade will carry more weight than similar prefabricated items, and using store bought kits is strongly discouraged. All rulings by the judges are independent and final. They are in no way influenced by Mohonk Mountain House staff or affiliates. In the event of a tie, the competition Call Judge will be asked to break the tie. Judging will be closed to the public and competitors.

SIZE LIMITATIONS

The entry must be placed on a board base. Combined with a base, the entry must not be larger than 24 inches high, 24 inches wide, and 24 inches long. We suggest using a plywood as a base for your entry. The usage of pegs or risers on the bottom of the base may be used, but is not required. If you wish to install pegs or risers on the underside of your base, they are considered as part of the base and should not cause the entry's height to exceed 24 inches.

MATERIALS & CONSTRUCTION

- Everything above the base of your entry that is visible must be constructed and composed completely of edible materials.
- Non-visible supports may be made of non-edible materials.
- The main structure of your entry must be constructed of at least 50% Gingerbread, and at least 25% of baked Gingerbread, which must be exposed.
- Ginger Clay may be used in the construction of the piece, but will not count towards the required 25% exposed baked Gingerbread.
- The Gingerbread can be painted or dyed light colors, but must clearly be recognizable as Gingerbread.
- Edible materials are not limited to candies and icings. Use of gum paste, fondant, pastillage, chocolate, modeling chocolate, royal icing, isomalt, cast sugar, gelatin, and pressed sugar is encouraged. Due to the danger of working with hot sugar, techniques using poured hot sugar or isomalt are reserved for the adult categories.
- Any entry with non-edible components visible will be automatically disqualified.
- No external or internal lighting may be used.
- Candies must be unwrapped and free of any non-edible materials.
- Non-edible materials such as paint and/or ribbon can be used only to decorate the outer edge of your plywood base and are considered as part of the base and should not cause the entry's height to exceed 24 inches.
- All entries must be solely constructed by the individuals entering the competition.

- For safety precautions, Junior competitors may be supervised, by a parent, legal guardian, or classroom teacher when Junior competitors require assistance with operating the oven and/or stovetop.
