We'll use objects found in nature to build little houses for these delightful creatures. We can also make ourselves a flower crown to blend in with the magical natural world around us.

Drumming Workshop

Do you like music? Do you like making noise? Then come to kids club to practice your drumming skills. Professional drummer and teacher, Nathan Brenowitz, will bring a selection of beautiful hand drums to share. You will learn different rhythms, drumming techniques, and play some musical games!

Activities are subject to change according to weather, availability, and participation. Please dress children appropriately for any outdoor activities they may participate in. In the morning session, snack is served midway through the program.
